CHRONOLOGICAL NARRATIVE.
ADMINISTRATION
DECEMBER 1944

The 3rd Bombardment Group (L) was stationed for the greater part of the month of December at APO 72, Leyte Island in the Philippines. The last week of the month the Group moved from Leyte to San Jose, Mindoro Island of the Philippines, APO 321. It was composed of Group Headquarters and four bombardment Squadrons; the 3th, 13th, 89th and 90th. The Group consisted of 197 officers and 1087 enlisted men on the first day of December and at the ending of the month there were 191 officers and 1061 enlisted men; a decrease of six officers and six enlisted men. (1).

Leyte Island in December is starting its rainy season and during the month there was a total of 26-30 inches of rain fell. The roads were a sea of liquid mud and transportation problems were very great. The Group was located on the beach and most of the rain was absorbed in the sand and therefore did not suffer with the mud. The strips were impossible to keep up and our A-20s were unable to come up from Hollandia. During the time they were in Hollandia no missions were flown but maintenance and training was carried out. There was very little activity within the group for the entire month until the beginning of the move to Mindoro Island.

The Group commander is Colonel John F. Hensbry. Operations officer is Major Bruce Marston and the deputy commander is Major Charles Howe. Capt. Ivan Head is Intelligence officer.

On the 2nd day of the month Cpl. Gene Wright was assigned to the organization from the 89th Squadron per voice of the commanding officer and is to be the group barber.

The 7th of the month three men were ordered to the States after having spent nearly three years overseas. They were Technical Sergeants Curnell and George to go on the rotation plan and Sgt Jacobson to go on temporary duty for 30 days to the States (2).

Master Sergeant Cardile was relieved from assignment with the outfit and transferred to the 22nd Bomb Group (3).

Sgt Wheeler was placed on flying status as an aerial photographer for the group (4).

Capt. Fryor left for home on the 10th after receiving orders from Bomber Command. He had been with the Group about 9 years (5).

Several other men were made happy on the 12th by receiving orders releasing them from this theater of operations and sending them back to the States either on rotation or a 30-day furlough. They were: Staff Sergeants Silverman and Belous were given the 30-days temporary duty to the States while Master Sergeant Finney, S/Sgt Daughenbaugh and Sgt Villadsen went home on the rotation plan (1).

Two promotions in the medical department were granted on the 13th. Sergeant Moyers was promoted to Staff and Pfc. Alford jumped to corporal per orders from the commanding officer (2).

On the 15th Sergeant Griffith was promoted to Staff (3).

Two men were attached to the organization from V Bomber Command for duty. They were Pfc. James Cunningham and Pfc. Edward Schuler.

Due to a change in the T/O of the organization several men were transferred to other squadrons of the group and then placed on DS with headquarters. Most of these men were out of the mess hall, motor pool, communications and photo section. They were Cpl. Abain, T/Sgt Griggs, S/Sgt Meyn, Sgt Campeau, Sgt Catizone, Sgt Seely and S/Sgt Gentry to the 90th Squadron; T/Sgt DeSerio, Cpl. Finch, T/Sgt Bryant, Sgt See, Cpl. Martin, Pfc Anderson and Pvt Melonc to the 89th Squadron; Pvt Adkins and T/5 Baird to the 13th Squadron; Pfc Jarosz, Cpl. DeLunpo, Sgt. Mack, T/Sgt . Anderson, S/Sgt. Holmberg, Sgt. Banach, Sgt. Bartels, Cpl. Bruchner, Cpl. Harrington, Pfc. McCaskey, Sgt Bahr, Sgt. Clds, Cpl. Diamond, Pfc. Burns, Pfc. Lardiere and Pfc. Steve Pavlokevich to the 8th Squadron.

Pvt. Crowe was promoted to the grade of corporal on the 20th (4). Cpl. Gossett was transferred from headquarters to the 89th Squadron.

Lt. Phillips was given the job of FM officer for the group in addition to his regular duties (5).

The only two men out of headquarters to be granted furloughs to Australia for the month were Sgts Begovich and McMerney. They went to Adelaide for 15 days.

On the 23rd the Group started to make preparations for moving to a new station on Mindoro Island, loading on the 25th on LSTs and departing on the 26th.

Col. Henebry was relieved from assignment as commanding officer of the Group and assigned to FEAF CRTG at APO 713 Unit 1. Lt. Col. Richard H. Ellis returned from the States and assumed command.

LOCAL INTEREST

The highlight of the month of December was the move from Leyte Island to the Island of Mindoro just a little over a week after the invasion of the latter. Preparations for the move began on the 23rd and on the morning of Christmas day three LSTs beached near the camp area and loading began in earnest. There was so much work to be done with the loading that the fact it was Christmas was forgotten but at noon the cooks had prepared turkey for the troops. The following morning the officers and enlisted men of headquarters boarded the LST carrying the 90th Squadron personnel and proceeded to look for a place to sleep for the coming three days.

It seems that the enemy was still making an effort to harass our troops and shipping and raids had been carried out on the ships in the Tacloban harbor. Therefore, we were warned of the fact and lifebelts were issued to all the personnel. Much of the enemy air attacks upon our shipping was successful and results they obtained at Mindoro reached proportions that could hardly be dismissed as nuisance raids.

On the 28th of the month as our convoy was headed in the direction of Mindoro via the pass between Mindanao and Leyte Islands, past Cebu and Negros Islands, a total of 30 to 40 enemy planes in two attacks blew up an ammunition-laden Liberty ship, severely damaged another vessel on the same type and torpedoed one LST which was later sunk. Our ships' ack ack shot down four aircraft which crash dived into the two Liberty ships mentioned above. While no further damage was done to the convoy on the 29th, three enemy planes challenged it during the day, and another struck after dusk. As one Zero type plane started its long dive towards our LST all the guns of the LST opened up on it and after two bursts from the 40 millimeter gun the plane burst into flames and crashed into the sea between us and the LST on our side. After that several other planes were shot down by the various ships. P-61s put seven unfriendly fighters out of action forever, and naval ack ack shot down five more. For the third consecutive day, the enemy, throughout the 30th of December, attacked shipping after the convoy had arrived at Mindoro. Again resorting to crash dive tactics, four fighters blew up an aviation gas tanker, seriously damaged a Liberty ship and also damaged a PT tender. The men of the 3rd Group were very thankful that they arrived to their destination without mishap although several of them were quite nervous. The April 12, 1943 raid on Fort Moresby seemed like a 4th of July picnic compared to the raid we went through on this convoy. All agreed that it was the worst they have been through, yet. In all the convoy shot down 23 enemy planes.

[REDACTED]

The morale of the Group in December was about as low as it could get. It seems the regime in charge of the group at the time couldn't stand to see the men idle for a minute and so resorted to supervised recreation and drill. The afternoons were divided into two periods; the first half spent in infantry drill and the second half was spent in some type of sports. The drilling in itself wasn't so bad but when the Infantry troops and other GI's would pass by and shout at us and ask if we didn't know there was a war going on it made the men feel quite low. Then to top it all off, one afternoon an L-5 passed by and the pilot cut the engine and yelled out at us. This recruit stage kept on until the day we started to move.

Christmas was spent in loading the LST and very little time was had off to think about the meaning of the day. Turkey was served at dinner time to the majority of the men but a few missed out. Beer and cigaretts were issued to the men the day before leaving Leyte. Very few packages had been received from home and those that did get through were pretty wet and spoiled.
